

**2<sup>nd</sup> Grade**

It's a New Year, what plans to do YOU have for yourself!?

- **Me and My Family**

Using **ONLY YOUR CRAYONS**, draw a picture of you and your family doing something that you would REALLY like to do together this year. Whether it's a trip somewhere an activity you all participate in together. Make it something new to do!

- **My Goal for 2010**

Think of something that you do for fun but you *may not* be the very best at. Draw and color yourself achieving that goal and becoming the very best at it that you can.

- **I'm going to look like WHAAAAT?!**

Using your **CRAYONS** , draw a line in the middle of your page. On one side draw a picture of what you look like now, in 2nd grade. On the other side, draw a picture of how you think you will look in 3rd grade. Include 1 or 2 of your best friends to show what they look like now, and how you think they will look in 3rd grade too. **Color in skin tone!**

**Make sure you use the WHOLE PAGE in your sketchbook. If you make a mistake, DO NOT RIP THE PAPER OUT!!**

**Turn the page to the other side and restart your drawing there.**

**DO NOT WASTE PAPER!**

## 4th Grade

2010 is a new year, what will make this year different or better than 2009?

- **It's just a hobby . . .**

Using **CRAYONS ONLY**, draw 2 portraits of yourself. 1 portrait of what you used to look like in 2009, a 2nd portrait (on another page) of what you THINK you're going to look like later on in 2010. Think about a certain month (like April 2009 as compared to April 2010).

- **Oh Mom, Oh Dad!!**

Think about something your parents ask you to help them with that you know you could be a little better at doing. Draw and color a picture, using color pencils or crayons, of your parents standing back and watching you as you complete a task that you're now more than happy to help with. Even if you don't like the task, show them that you're willing to help. Pay attention to details. Use the WHOLE PAGE. **BLENDED COLORS ONLY!**

- **2010, Here I am!**

In a drawing, design & color the year "2010" on a t-shirt you're wearing READY for a fresh start. Most would have a happy, joyous face.

**Make sure you use the WHOLE PAGE in your sketchbook. If you make a mistake, DO NOT RIP THE PAPER OUT!! Turn the page to the other side and restart your drawing there.**

**DO NOT WASTE PAPER!**

**5th Grade**

2010 is here!! What will you do to make this year better than the last?

- **Vividly Remembering.**  
Using the crayons, draw a picture of yourself thinking about something that made 2009 a good year for you. Make sure to draw **A COMPLETE PICTURE**. Blending colors is a must! **Full page. Full color.**
- **Thinking of a Master Plan!!**  
The new year offers new possibilities of things to do and accomplish. In a picture, using crayons, marker, or color pencils, draw & color something important to you that you would like to have accomplished by the end of the year. Separate the page as you'd like, showing the steps you'd take toward accomplishing your goal.
- **'tween stages now!**  
Fold a page in half. On 1 half, draw and color you now, in 2010. On the other half, draw what you think you will look like in 4 years. You're older, wiser, and taller. Right?

*Remember, blending colors creates a picture that is more eye-catching and encourages a sense of involvement from the viewer.*

**Make sure you use the WHOLE PAGE in your sketchbook. If you make a mistake, DO NOT RIP THE PAPER OUT!! Turn the page to the other side and restart your drawing there.**
